Master's Degree Thesis Oral Examination Procedures Table

(Please print all the forms on the next pages including a copy of the Examination Report Sheet, a copy of the Graduation Results Record and three copies of the Oral Assessment Marks Sheet)

1. The Major Professor introduces the Oral Examination Committee members and the convener.

2. The Major Professor introduces the students taking part in the assessment.

- 3. The students present their papers.
- 4. Questions are raised by Committee members and defended by students.
- 5. Students are asked to withdraw.
- 6. Members of the Oral Examination Committee record their marks and remit to the convener for overall average calculation.
- 7. The convener will be requested to fill the total average marks in the "Graduation Results Record" at the "Oral Examination Results" section.
- 8. Members of the Oral Examination Committee are invited to sign on the

Examination Report Sheet and remit to the Major Professor.

Note: The degree's oral examination pass mark is 70 out of 100 and is assessed only once. It is taken as the average of the assessment marks of members present but in case more than half of the members present think it fails then the result is FAIL.

After the oral examination is complete, remit back the 1)Examination Report Sheet 2) Graduation Results Record to the Department's Office for processing.
